

# WE'RE HIRING!

Commander Counseling & Wellness is looking for **Practicum Students** for the 2022-2023 academic year.

Commander Counseling & Wellness (CCW) is an inclusive facility dedicated to helping individuals create change that will help them lead healthier lives and maximize their potential. CCW offers a myriad of services by licensed healthcare providers including counseling, psychological assessment and testing, sport and performance psychology, and nutrition services.

**POSITION SUMMARY:** CCW is pleased to offer Practicum Student positions beginning summer/fall 2022. The position is designed for the doctoral students who want specialized training in sport psychology and/or psychological testing. Responsibilities could include providing counseling, mental performance services to individuals and teams/organizations, and psychological assessments. This position is supervised by Oklahoma licensed psychologists. It is expected that the Practicum Students will accrue hours of supervised professional experience within a 12-month time frame.

**COMPENSATION:** Compensation is will be commensurate with types of services delivered and what is allowable by the State of Oklahoma.

**TYPICAL CLIENTELE:** CCW services the Norman, Oklahoma community and surrounding communities. Approximately 600-700 clients are seen annually, and present with a myriad of mental health and sport psychology/performance concerns. Provide performance psychology services to various junior, professional, and Olympic/Paralympic athletes, dancers, and organizations. Typical areas being assessed are ADHD, learning disorders, Autism Spectrum Disorder, trauma, placement for foster children, and other pathology.
